

ABOUT US

EMC2 Group is a leading architectural firm with over four decades of experience in designing and constructing buildings. Since our establishment in 1978, we have successfully completed thousands of projects for educational, municipal, religious, healthcare, and office building clients in the southwest region.

At EMC2, we understand that architecture goes beyond just creating functional spaces. We believe that architecture has the power to shape environments and create meaningful experiences. Our team of talented architects is passionate about delivering innovative and sustainable designs that meet the unique needs of our clients and enhance the communities they serve.

At EMC2, we believe in the power of collaboration and partnerships. We foster strong relationships with our clients, consultants, and contractors, working together to bring the vision to life. Our team is dedicated to constantly pushing the boundaries of design.
